

## **Halton-Hamilton Source Protection Committee**

### **Sarah Lock Industrial-Commercial Representative**

Sarah is the Manager, Health & Safety at Trans-Northern Pipeline Inc. (TNPI) who has been seconded from Suncor Energy, where she was the Manager, Environment, Health & Safety supporting the Operations & Logistics business area. Her responsibilities included developing, implementing, and sustaining environment, health and safety programs for the pipeline, distribution terminal & truck logistics, ethanol manufacturing, sulphur recovery, and rail & marine operations throughout Canada and in the United States.

At TNPI, Sarah leads a team of health & safety professionals to enable full compliance with health & safety legislation and regulatory requirements. She is accountable for providing health & safety leadership to the entire organization through coordinated efforts with leaders and working collaboratively to support day-to-day field activities and deliver health and safety initiatives.

With over 20 years of experience, Sarah has extensive knowledge of provincial and federal environmental legislation, as well as programs and policies related to compliance and reporting. Sarah is experienced in collaborating with government, industry, and stakeholders on environmental matters. Sarah is a Qualified Environmental Professional, Toxic Substance Reduction Planner, and Applied Science Technologist.

Sarah currently represents the Industrial-Commercial Sector on Halton-Hamilton's Source Protection Committee. Sarah is a past-member of the Sun-Canadian Pipe Line's Board of Directors and is the Past-President of the Air & Waste Management Association Ontario Section (2015 to 2020).
